SOUL SMOKE VOL.34: DECEMBER 2011

LEND A HAND 2011

Bad Ass Bikers...is this a new biker drinking etiquette? Pinkies out? The 2012 cosmopolitan biker trend. Who said we don't have culture in the Club?

Below: X-Man with son, Xavier, The Second (aka Dark Bones), and wife, Sheila (aka Outlaw). FD and daughter Tommi.

## Table of Contents

## WORD FROM THE PRESIDENT

Just wanted to give props to the members that participated in the 3rd Annual South Alameda Toy Run hosted by Island Thunder MC. I was contacted by ITMC President, that over 400 bikes participated. The event was so successful and impressive, the City Manager of Newark, who participated, stated that he will work to have the city sponsor the event next year.

The Iron Souls that attended were able to contribute enough money to adopt two families. The I-Souls then got a chance to meet the adopted family and then walk in several kids into the "Santa Toy Room" to assist in choosing the right toy... the most rewarding experience was the kid Jumpstart escorted in, a 20 year old female toddler which brought tears to his eyes...not really sure what experience brought him to tears...

On a traditional note, Irons Souls have been MC participant for this event since it started with only 4 clubs...

this year the event has grown to 43 clubs...it is another example of the Iron Souls members tradition of giving..

Again my personal thanks for the members who have supported this annual event...
