20th Anniversary Party of the ISMC

Trudye & Roadrunner hard at work

Truck & Jennifer looking fine

ISMC turned twenty this year! How could anyone know what a few turkeys strapped on the back of some Harleys would start in the years that followed. Twenty years later, we found ourselves at the top of the Hilton Garden hotel in Emeryville. The tickets had been sold and the event committee had worked hard to set the mood of this historic event.

Some members were noticeably absent considering how close they were in proximity to the event, while others had made a long drive to share the evening with their brothers.

Shout out to Roadrunner for printing and compiling our historic record below!

For all the hard work put in by the Event Committee to make this night happen, the anti-climatic mood that I felt was odd. The well received open bar almost made up for the lackluster food served. It seemed to be a race to get the award ceremony over as quickly as possible, and this historic event had little fanfare with more emphasis on getting the dance party started. The fine looking crowd was all smiles though, and the dancing commenced with great eagerness. The race to get this event over with came to fruition too soon. Most party goers took the bait and the event was over in record time. This was sad really, considering the months of preparation surrounding the finally realized "20th Anniversary Party." All things considered, it looked like a good party.

A Word From The Editor

Bodean, above on the left, is a former member of ISMC and my personal hero for all the hard work he did as a Road Captain and the first Soul Smoke Editor. I was pleased to run into him at a couple of events held at his home recently. Being a true member in ISMC is a commitment of time and energy not all can sustain. Some take the high road and step out of the club to take care of family or work, instead of not participating in the Club. Those men have my respect and understanding for their true commitment to Life and Family.

Bodean is always welcome back when life allows him to reconnect to the brothers of ISMC, and I appreciate the two thumbs up he has always given for holding his spot as Editor until he returns.

He is and always will be my Brother.

Keep it upright!

MacGyver
